**AMENDED APPLICATION OF SOUTHERN CALIFORNIA EDISON COMPANY
(U 338-E) FOR AUTHORIZED COST OF CAPITAL FOR UTILITY OPERATIONS
FOR 2008**

On May 8, 2007, Southern California Edison Company (“SCE”) filed an application requesting that the California Public Utilities Commission (“CPUC”) authorize a cost of capital for utility operations for 2008. It has come to SCE’s attention that that application, designated A.07-05-003 by the CPUC, contained a table with an incorrect reference to dollar amounts in the table entitled “Projected Customer Group Revenue Impact Due to Requested Change in the Cost of Capital – 2008.” Specifically, the error was located in the column labeled “Revenue Change (\$ Millions).” Rather than set out the revenue change in millions, the column should have been labeled “Revenue Change (\$ Thousands).”

Accordingly, by this amended application,¹ SCE amends the table to read as follows:

¹ Except for the noted change, SCE hereby incorporates the application it originally filed on May 8, 2007 with this amended application.

*Projected Customer Group Revenue Impact
Due to Requested Change in the Cost of Capital – 2008*

Customer Group	Revenue Change (\$ Thousands)	%
Domestic (Residential)	8,166	0.18%
Lighting – Small & Medium Power	5,757	0.13%
Large Power	2,433	0.10%
Agricultural & Pumping	525	0.16%
Street and Area Lighting	20	0.02%
Total	16,902	0.15%

This amendment to the application is necessary because, as the table was originally set out, it is possible to misconstrue SCE’s application to be a request for more than \$16.902 million in 2008, which it is not. Accordingly, SCE has filed this amended application to clarify any potential confusion.²

² Since SCE’s original application explicitly stated, “SCE’s request results in a projected revenue requirement increase of \$16.902 million in 2008,” SCE does not believe that the change requested by this amendment will affect any parties’ rights under the schedule set out in the application for determination of SCE’s request.

Respectfully submitted,

FRANK J. COOLEY
