**SOUTHERN CALIFORNIA EDISON COMPANY'S MOTION TO INTERVENE**

Pursuant to Rules 211 and 214 of the Rules and Regulations of the Federal Energy Regulatory Commission ("Commission" or "FERC"), Southern California Edison Company ("SCE") hereby respectfully requests permission to intervene in the above-captioned proceeding wherein the California Independent System Operator ("ISO") tendered for filing Amendment No. 4 to the Metered Subsystem Agreement ("MSSA") between the ISO and the City of Santa Clara, doing business as Silicon Valley Power ("SVP"). Notice of this filing was issued by the Commission on January 21, 2005. Motions to intervene or protests in this matter are to be filed on or before February 3, 2005.

**I. MOTION TO INTERVENE**

SCE, a wholly owned subsidiary of Edison International, is an investor-owned utility, subject to the Commission's jurisdiction. SCE's principal place of business is 2244 Walnut Grove Avenue, Rosemead, California 91770. SCE participated in the negotiations of the original MSAA, and SCE was a party to Docket No. ER02-2321, in which the ISO filed the original MSSA with SVP. SCE continues to have an interest in monitoring these agreements, including any

amendments thereto. Moreover, under the MSSA, certain ISO-related costs may be shifted to the ratepayers of SCE. SCE, therefore, has an immediate interest in the outcome of this proceeding. SCE's interest cannot be represented by any other party and, consequently, SCE respectfully requests that the Commission grant SCE permission to intervene in this proceeding. SCE hereby reserves its rights to raise substantive issues regarding all aspects of this proceeding, and to file additional comments, as warranted by the proceeding.
