COMMENTS OF SOUTHERN CALIFORNIA EDISON COMPANY ON THE
COMMISSION'S NOTICE SEEKING COMMENT ON NEED FOR TECHNICAL
CONFERENCE

Pursuant to the September 15, 2009 *Notice Seeking Comment On Need For Technical Conference* issued by the Federal Energy Regulatory Commission (“FERC” or the “Commission”), Southern California Edison Company (“SCE”) respectfully submits its Comments.

On March 24, 2008, the Commission issued an *Order on Technical Conference and Compliance*¹ in which it directed the CAISO to convene a technical conference regarding Business Practice Manuals (“BPMs”) within six months of the implementation of the Market Redesign and Technology Upgrade (“MRTU”). MRTU went live on April 1, 2009, and the Commission is now seeking Market Participants’ comments on whether a technical conference is necessary.

SCE does not believe it is necessary to convene a technical conference at this time. However, the Western Power Trading Forum (“WPTF”) and the California Municipal Utilities

¹ 122 FERC ¶ 61,271 (2008).

Association (“CMUA”) have requested that the Commission defer the question on the necessity of such a technical conference for an additional six months. SCE does not oppose this request.

Respectfully submitted,

JENNIFER R. HASBROUCK
